

## Joining Webex on your Android device

**NOTE: The pictures for these instructions were created on a Samsung Android device, your Android device and apps may look different, but the process should be the same.**

### Joining through Teams:

The post in Teams by a teacher/staff member should have a *Join* button, and a copy of the password. Tap on *Join* to start.

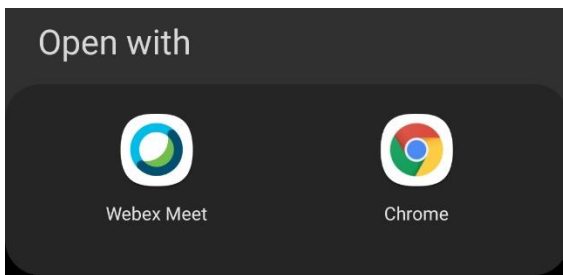

### Joining via Link (Dojo, Seesaw etc.):

Tap on/type in the link provided to start.

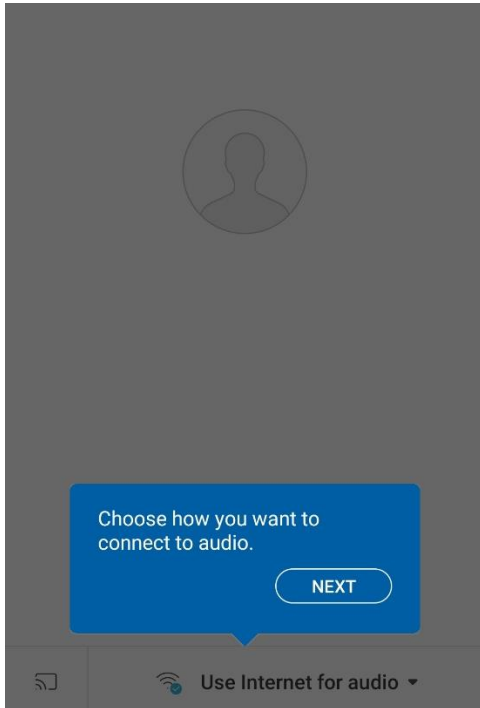

### Opening The App & Joining:

If you have installed the Webex app (instructions can be found on the Home Learning page), it will open up now, or you may get a prompt for which app to open (as shown), tap on *Webex Meet*:

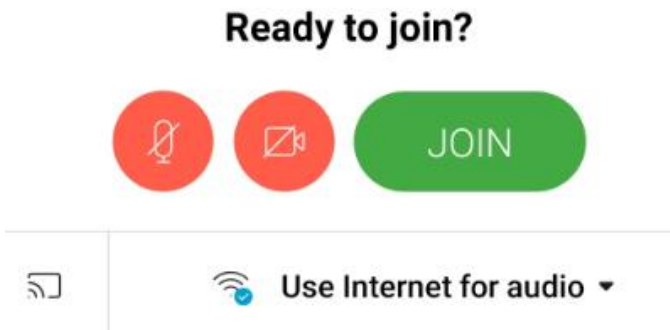

## Joining Webex on your Android device

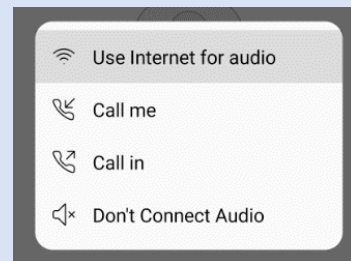

The app will open up now, and you should see a screen like this:

Tap *Next* on the blue pop-up, and you should now see this:

You should leave *Use Internet for audio* selected normally, but if you want the option to call in, or are having issues with audio, tap the *Use internet* prompt and select one of the call options

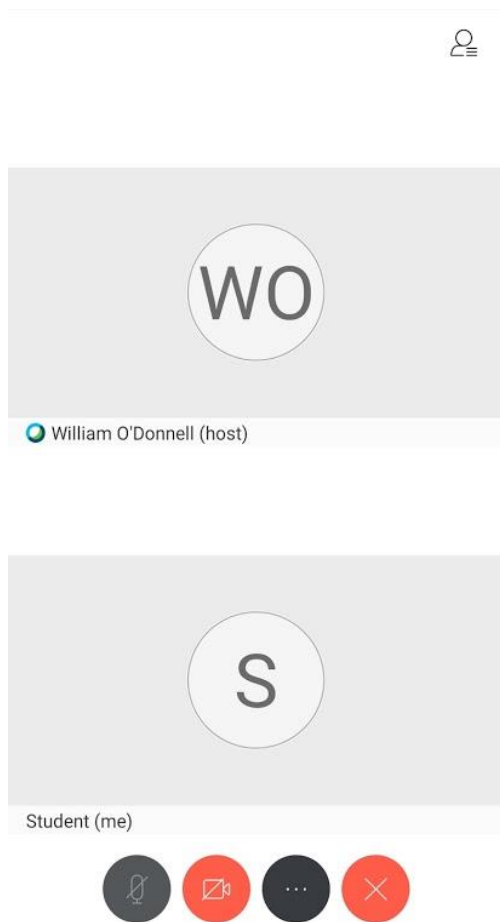

Next you will be prompted to enter a name and email address, type them in and tap *OK*, and then after that the meeting password, then tap *JOIN*

## Joining Webex on your Android device

You should now be joined into the meeting, and will see what the presenter/teacher is currently sharing/showing.

You can use the two icons on the left side of the row of circles to turn on and off our microphone and camera, although microphone access is usually controlled by the teacher/presenter
